TROUBLE SHOOTING

Problem	Possible Reasons & Solution
Unable to Sign-Up?	Please download the correct app using the QR code provided in the Acumen Track User Manual.
	Using a duplicate or incorrect app may cause sign-up failure.
	Still Issue -Please connect our Telephonic Support Desk
Unable to Add device	Ensure you are scanning or entering the correct IMEI number.
	Cross-check that the IMEI printed on the device matches the IMEI shown in the app after scanning.
	If the issue still continues, please contact our Telephonic Support Desk .
Unable to activate SIM Card	Please check whether the payment has been successfully deducted from your account.
	Ensure you have received a payment success confirmation from Razorpay .
	If payment is successful and SIM is still not activated, please contact Customer Support.
Unable to see real-time location / Device showing in Inactive Tab	Device not charged → Charge the device properly.
	Device switched OFF → Ensure device is powered ON.
	Weak GPS signal → Move device to open area.
	Activation pending → Wait up to 60 minutes after first signup.
	Subscription Expired → Renew you subscription from App
Still Facing the Same Issue?	If the problem continues after following all steps,
	Raise a Support Ticket through the app.
	Our support executive will contact you within 2 hours .

Guidelines & Check List For The Device & Sim Activation

- **Upon successful SIM card payment, a tax invoice and payment receipt will be sent to your registered email.**
- **Receipt of these documents confirms that the SIM card has been successfully activated.**
- **Maximum time to activate all the services are 60 mins, usually this takes hardly 15 mins to activate the SIM card.**
- **If payment is not successful in that case SIM card will not be activated**
